# THE 1<sup>ST</sup> “STIMA” ENGINEERING BEYOND BOUNDARIES INTERNATIONAL SUMMER SCHOOL 2022

## PROGRAMME OVERVIEW

The University of Padua, founded in 1222, is one of Europe's oldest and most prestigious universities, with a strong tradition of academic excellence, scientific discovery, and international collaboration.

Within this context, the Department of Industrial Engineering (DII) stands out for its interdisciplinary approach, combining industrial, energy, mechanical, aerospace, chemical, materials and electrical engineering to address complex technological challenges and foster innovation.

The **STIMA** Summer School (Science, Technology, Innovation, Mathematics, and Art) is designed to attract motivated undergraduate students eager to explore their potential in a stimulating, multidisciplinary environment. The program offers a unique opportunity to learn across disciplines, engage with cutting-edge topics, and experience what it means to operate within a dynamic and rapidly evolving innovation ecosystem.

## ELIGIBILITY

This opportunity is open to bachelor's students who are majoring in Industrial Engineering (IE) or related fields, including Materials Engineering, Energy Engineering, Aerospace Engineering, Chemical Engineering, Mechanical Engineering and Electrical Engineering.

## HOW TO APPLY

### APPLICATION PERIOD

Applications are welcome until April 20<sup>th</sup>

### APPLICATION E-MAIL

segreteria.dii@unipd.it

### DOCUMENTS

1. Valid Identity Document;
2. CV and Transcripts;
